# OUTDOOR SPACES

Set within 3,5 hectares (8 acres) of cultivated fruit and vegetables, the beautiful garden at Babylonstoren is at the heart of the farm.

It was inspired by the historic Company's Garden in Cape Town, which supplied sailing ships of the Dutch East India Company with fresh fruit and vegetables back in the day when the Cape was a halfway station between Europe and Asia. But we also link back to the mythological hanging gardens of Babylon, thought to have been created in the sixth century BC by Nebuchadnezzar, for his wife who longed for the mountains and valleys of her youth. Outdoor areas available for location productions include the garden, 200 hectares of the farm, the natural dam, areas surrounding farm buildings and the wine cellar.

The Production Company is required to provide proof of insurance for full public liability, which covers personal injury as well as third-party property breakages or damages on set. Any damages that occur to the location and/or its content 'from the commencement of the shoot through to post-production,' is the responsibility of the Production Company/Client. The Production Company/Client will be held liable for such damages. The Production Company/Client is responsible for any excess on their insurance policy. By booking a location with Babylonstoren, the Production Company indemnifies the location owner and Babylonstoren against any damages, loss, injury or death with regard to any crew member or guests during the shooting period.

A standard 10 hours for a full day and 5 hours for a half day is applicable. Maximum overtime allowed is two hours at R2000 per hour.

No shoots are permitted in any indoor area not listed here.

On confirmation of a booking, Babylonstoren will provide the Production Company with any rules pertaining to the shoot location. The Production Company is responsible to ensure that the production managers are aware of the location rules and that these are respected.

The use of a music system is strictly prohibited.

No location furniture or appliances may be used during the production, unless prior approval has been granted by Babylonstoren. We suggest that the team takes photographs of the relevant shoot area prior to commencement of the shoot. This will help with the correct replacement of furniture and appliances once the shoot has been completed.

Lighting equipment for stills shoots includes a camera, grips and lighting package. Babylonstoren must be notified of any additional equipment that may impact on the location. No generators are allowed in close proximity to any parking areas, restaurants, hotel rooms or garden pathways.
